Provided that, if the Government servant is appointed to a post to which direct recruitment is also made in accordance with the Recruitment Rules governing appointments to such posts and the Rules provide for extension of the period of probation then the period by which the period of officiation may be further extended shall be equal to the period by which the period of probation is extendable for a person appointed by direct recruitment to the said post under the Rules.

- (3) If during or at the end of the period officiation or extended period of officiation, the employee is found unsuitable for the service or post to which he has been appointed he shall be reverted to his former substantive service or post.

Note.- The failure to pass prescribed departmental examination, if any, within such period as may be allowed for the purpose may be construed as failure to show fitness for the service or post in which the employee is officiating.

GRADATION LIST- A gradation list shall be maintained for each cadre which shall be arranged in order of seniority the names of the employee holding the posts included in the cadre:

Provided that, when a cadre consists of two or more distinct branches or groups of posts and transfers are not ordinarily made from one branch or

group of posts to another, a separate gradation list shall be maintained for each branch or group of posts of such cadre.

11. **SENIORITY**- The seniority of the members of a service or a distinct branch or group of posts of that service shall be determined in accordance with the following principles, viz :-

(1) Seniority of Direct Recruits and Promotees -

- (a) The Seniority of persons directly appointed to a post according to rules shall be determined on the basis of the order of merit in which they are recommended for appointment irrespective the date of joining. Persons appointed as a result of an earlier selection shall be senior to those appointed as a result of a subsequent selection.
- (b) Where promotions are made on the basis of selection by a Departmental Promotion Committee, the seniority of such promotees shall be in the order in which they are recommended for such promotion by the Committee.
- (c) Where promotions are made on the basis of seniority subject to rejection of the unfit, the seniority of persons considered fit for promotion at the same time shall be the same as the relative seniority in the lower grade from which they are promoted. Where however a person is considered as unfit for promotion and is superseded by a junior, such person shall not, if subsequently found suitable and promoted, take seniority in the Higher grade over the junior persons who had superseded him.
- (d) The seniority of a person whose case was deferred by the Departmental Promotion Committee for lack of Annual Character Rolls or for any other reasons but subsequently found fit to be promoted from the date on which his junior was promoted, shall be counted from the date of promotion of his immediate junior in the select list or from the date on which he is found fit to be promoted by the Departmental Promotion Committee.
- (e) The relative seniority between direct recruits and promotees shall be determined according to the date of issue of appointment/promotion order:

Provided that, if a person is appointed/promoted on the basis of roster earlier than his senior, seniority of such person shall be determined according to the merit/select/fit list prepared by the appropriate authority.

- (f) If the period of probation of any direct recruit or the testing period of any promotee is extended, the appointing authority shall determine whether he should be assigned the same seniority as would have been assigned to him if he had completed the normal period of probation/testing period successfully, or whether he should be assigned a lower seniority.
- (g) If orders of direct recruitment and promotion are issued on the same date, promotees shall, enblock, be treated as senior to the direct recruits.

(2) Seniority of Transferees-

- (a) Where a person is appointed by transfer in accordance with the provisions in the Recruitment Rules, providing for such transfer in the event of non-availability of suitable candidates by direct recruitment or promotion, such transferee shall be grouped with direct recruits or promotees, as the case may be, and he shall be ranked below all direct recruits or promotees, as the case may be, selected on the same occasion.
- (b) In the case of a person who is initially taken on deputation and absorbed later (i.e. where the relevant recruitment rules provide for "transfer on deputation/transfer") his seniority in the grade in which he is absorbed will normally be counted from the date of absorption. If he has so ever been holding already (on the date of absorption) the same or equivalent grade on regular basis, in his parent department, such regular service in the grade shall also be taken into account in fixing his seniority, subject to the condition that he will be given seniority, from the date he has been holding the post on deputation or the date from which he has been appointed on a regular basis to the same or equivalent grade in his [parent department].

Explanation- The fixation of seniority of a transferee in accordance with the above rule will not however affect any regular promotions to the next higher grade made prior to the date of such absorption. In other words it will be operative only

in filling up of vacancies in higher grade taking place after such absorption.

(3) Seniority in special types of cases-

- (a) In case where a penalty of reduction to a lower service, grade or post is imposed on an employee of the High Court and such reduction is for a specified period and is not to operate to postpone future increments, the Seniority of the Government servant may, unless the terms of the order of punishment provide otherwise, be fixed in the higher service, grade or post or the higher time scale at what it would have been but for his reduction.
- (b) Where the reduction is for a specified period and is to operate to postpone future increments, the seniority of the employee of the High Court on re-promotion may, unless the terms of the order of punishment provide otherwise, be fixed by giving credit for the period of service rendered by him in the higher service, grade or post or higher time scale.
- (c) The surplus employees shall not be entitled for the benefit of the past service rendered in the previous office for the purpose of their seniority in the new office and such employees shall be treated as fresh entrants in the matter of their seniority.
- (d) When two or more surplus employees of a particular grade in an office are selected on different dates for absorption in a grade in another, office their *inter-se-seniority* in the later office shall be the same as in their previous office provided that:-
 - (i) No direct recruit has been selected for appointment to that grade in between these dates, and
 - (ii) No promotee has been approved for appointment to that grade in between these dates.

(4) Seniority of Ad-hoc employees-

- (a) A person appointed on ad-hoc basis shall not get any seniority till the regularisation of his services.
- (b) If a person is appointed on ad-hoc basis by substantially following the procedure laid down by the Recruitment Rules and the appointee continues in the post uninterruptedly till the

regularisation of his service in accordance with the rules, the period of officiating service shall be counted for seniority.

12. **PROMOTION**- The Chief Justice shall determine in respect of each grade or service to which appointment may be made by promotion, the grade or service from which such promotion may be made and the procedure to be followed for the purpose, and in particular whether such promotion shall be on the basis of seniority subject to the rejection of the persons considered unfit for promotion or whether the selection for promotion shall be determined on the basis of merit from among persons who had completed in the lower grade or service such minimum period of service as may be prescribed.
13. **REVERSION AND RE-APPOINTMENT**- Permanent employee of the High Court officiating in a higher grade or service may be reverted to the lower grade or service from which they were promoted if there are no vacancies in the former grade or service; and such reversion shall not be construed to be a reduction in rank:

Provided that, the order in which such reversion shall be made will be the reverse of the order in which officiating promotion was made, except when administrative convenience renders it necessary to revert the officiating employee of the High Court otherwise than in accordance with this proviso:

Provided further that, on the occurrence of a fresh vacancy the re-appointment to the higher grade or service shall ordinarily be in the order of relative seniority of the reverted employee of the High Courts.

Provided that, where any rule is relaxed in the case of any person the case shall not be dealt with in any manner less favourable to him than that provided by that rule.

- (2) The High Court may, from time to time, alter, amend or repeal any of these Rules in full or any portion thereof and make such further Rules, as he may deem fit in regard to all matters herein provided or matters incidental or ancillary to these Rules or in regard to matters which have not been provided or sufficiently provided for, in these Rules.

Therefore, manipulation through a fixed port can be avoided.
 - (iii) All other programs except the online exam client are deactivated by controlling the inputs of the examinees. By cutting off electronic communications and disabling other computer programs or inputs (including USB ports) on the examinees' computers, the examinees can be prohibited from manipulating their local computer or the internet. The application window is locked in full-screen mode and cannot be resized or minimized until the application is terminated. Third party software like VNC viewer must be completely prohibited.
 - (v) **Student id (specific auto generated id link) can work only one question at a time and cannot access completed questions.**

- (1) A person already in permanent Government service appointed to the services of the High Court by direct recruitment or transfer shall

ordinarily be appointed in an officiating capacity for a period of two years to ascertain his suitability for the service:

Provided that, the High Court may declare that any previous officiation in the services of the High Court may be counted towards the period of adjudging to such extent as may be specified in the particular case:

Provided that, if the Government servant is appointed to a post to which direct recruitment is also made in accordance with the Recruitment Rules governing appointments to such posts and the Rules provide for extension of the period of probation then the period by which the period of officiation may be further extended shall be equal to the period by which the period of probation is extendable for a person appointed by direct recruitment to the said post under the Rules.

- (3) If during or at the end of the period officiation or extended period of officiation, the employee is found unsuitable for the service or post to which he has been appointed he shall be reverted to his former substantive service or post.

Note.- The failure to pass prescribed departmental examination, if any, within such period as may be allowed for the purpose may be construed as failure to show fitness for the service or post in which the employee is officiating.

10. **GRADATION LIST**- A gradation list shall be maintained for each cadre which shall be arranged in order of seniority the names of the employee holding the posts included in the cadre:

Provided that, when a cadre consists of two or more distinct branches or groups of posts and transfers are not ordinarily made from one branch or

group of posts to another, a separate gradation list shall be maintained for each branch or group of posts of such cadre.

SENIORITY- The seniority of the members of a service or a distinct branch or group of posts of that service shall be determined in accordance with the following principles, viz :-

(1) Seniority of Direct Recruits and Promotees -

- (a) The Seniority of persons directly appointed to a post according to rules shall be determined on the basis of the order of merit in which they are recommended for appointment irrespective the date of joining. Persons appointed as a result of an earlier selection shall be senior to those appointed as a result of a subsequent selection.
- (b) Where promotions are made on the basis of selection by a Departmental Promotion Committee, the seniority of such promotees shall be in the order in which they are recommended for such promotion by the Committee.
- (c) Where promotions are made on the basis of seniority subject to rejection of the unfit, the seniority of persons considered fit for promotion at the same time shall be the same as the relative seniority in the lower grade from which they are promoted. Where however a person is considered as unfit for promotion and is superseded by a junior, such person shall not, if subsequently found suitable and promoted, take seniority in the Higher grade over the junior persons who had superseded him.
- (d) The seniority of a person whose case was deferred by the Departmental Promotion Committee for lack of Annual Character Rolls or for any other reasons but subsequently found fit to be promoted from the date on which his junior was promoted, shall be counted from the date of promotion of his immediate junior in the select list or from the date on which he is found fit to be promoted by the Departmental Promotion Committee.
- (e) The relative seniority between direct recruits and promotees shall be determined according to the date of issue of appointment/promotion order:

Provided that, if a person is appointed/promoted on the basis of roster earlier than his senior, seniority of such person shall be determined according to the merit/select/fit list prepared by the appropriate authority.

- (f) If the period of probation of any direct recruit or the testing period of any promotee is extended, the appointing authority shall determine whether he should be assigned the same seniority as would have been assigned to him if he had completed the normal period of probation/testing period successfully, or whether he should be assigned a lower seniority.
- (g) If orders of direct recruitment and promotion are issued on the same date, promotees shall, enblock, be treated as senior to the direct recruits.

(2) Seniority of Transferees-

- (a) Where a person is appointed by transfer in accordance with the provisions in the Recruitment Rules, providing for such transfer in the event of non-availability of suitable candidates by direct recruitment or promotion, such transferee shall be grouped with direct recruits or promotees, as the case may be, and he shall be ranked below all direct recruits or promotees, as the case may be, selected on the same occasion.
- (b) In the case of a person who is initially taken on deputation and absorbed later (i.e. where the relevant recruitment rules provide for "transfer on deputation/transfer") his seniority in the grade in which he is absorbed will normally be counted from the date of absorption. If he has so ever been holding already (on the date of absorption) the same or equivalent grade on regular basis, in his parent department, such regular service in the grade shall also be taken into account in fixing his seniority, subject to the condition that he will be given seniority, from the date he has been holding the post on deputation or the date from which he has been appointed on a regular basis to the same or equivalent grade in his [parent department].

Explanation- The fixation of seniority of a transferee in accordance with the above rule will not however affect any regular promotions to the next higher grade made prior to the date of such absorption. In other words it will be operative only

in filling up of vacancies in higher grade taking place after such absorption.

(3) Seniority in special types of cases-

- (a) In case where a penalty of reduction to a lower service, grade or post is imposed on a employee of the High Court and such reduction is for a specified period and is not to operate to postpone future increments, the Seniority of the Government servant may, unless the terms of the order of punishment provide otherwise, be fixed in the higher service, grade or post or the higher time scale at what it would have been but for his reduction.
- (b) Where the reduction is for a specified period and is to operate to postpone future increments, the seniority of the employee of the High Court on re-promotion may, unless the terms of the order of punishment provide otherwise, be fixed by giving credit for the period of service rendered by him in the higher service, grade or post or higher time scale.
- (c) The surplus employees shall not be entitled for the benefit of the past service rendered in the previous office for the purpose of their seniority in the new office and such employees shall be treated as fresh entrants in the matter of their seniority.
- (d) When two or more surplus employees of a particular grade in an office are selected on different dates for absorption in a grade in another, office their *inter-se-seniority* in the later office shall be the same as in their previous office provided that:-
 - (i) No direct recruit has been selected for appointment to that grade in between these dates, and
 - (ii) No promotee has been approved for appointment to that grade in between these dates.

(4) Seniority of Ad-hoc employees-

- (a) A person appointed on ad-hoc basis shall not get any seniority till the regularisation of his services.
- (b) If a person is appointed on ad-hoc basis by substantially following the procedure laid down by the Recruitment Rules and the appointee continues in the post uninterruptedly till the

regularisation of his service in accordance with the rules, the period of officiating service shall be counted for seniority.

12. **PROMOTION-** The Chief Justice shall determine in respect of each grade or service to which appointment may be made by promotion, the grade or service from which such promotion may be made and the procedure to be followed for the purpose, and in particular whether such promotion shall be on the basis of seniority subject to the rejection of the persons considered unfit for promotion or whether the selection for promotion shall be determined on the basis of merit from among persons who had completed in the lower grade or service such minimum period of service as may be prescribed.
13. **REVERSION AND RE-APPOINTMENT-** Permanent employee of the High Court officiating in a higher grade or service may be reverted to the lower grade or service from which they were promoted if there are no vacancies in the former grade or service; and such reversion shall not be construed to be a reduction in rank:

Provided that, the order in which such reversion shall be made will be the reverse of the order in which officiating promotion was made, except when administrative convenience renders it necessary to revert the officiating employee of the High Court otherwise than in accordance with this proviso:

Provided further that, on the occurrence of a fresh vacancy the re-appointment to the higher grade or service shall ordinarily be in the order of relative seniority of the reverted employee of the High Courts.

- (2) If the order imposing any of the penalties specified under the **M.P. Civil Services (Classification, Control and Appeal) Rules, 1966** is passed by the Chief Justice, the appeal shall lie before a committee of three senior most Judges of the High Court.

18. INHERENT POWERS OF THE CHIEF JUSTICE:

- (1) Nothing in these Rules shall be construed to limit or abridge the power of The Chief Justice to deal with the case of any member of the Service or any person to be appointed to the Service in such manner as may appear to him to be just and equitable:

Provided that, where any rule is relaxed in the case of any person the case shall not be dealt with in any manner less favourable to him than that provided by that rule.

- (2) The High Court may, from time to time, alter, amend or repeal any of these Rules in full or any portion thereof and make such further Rules, as he may deems fit in regard to all matters herein provided or matters incidental or ancillary to these Rules or in regard to matters which have not been provided or sufficiently provided for, in these Rules.

Provided that, if such orders relate to salaries, allowances, leave or pension of the employees of the High Court such orders shall be made with the approval of the Governor of the State.

The Database Administrator must be appointed from technical officer of High Court not below the rank of Registrar.

A. Central Examination Server :

- (1) Should be physically secure. No **unauthorized** and **unauthenticated** access should be given.
- (2) **Biometric technology** alongside with traditional password based technology should be used for securing server.
- (3) A **replica** of the same server should be available with geographically changed location.
- (4) Communication between the server should be **encrypted** with best possible technique like RES/MDS etc.
- (5) The owner which has access to each server should be different. Owner of one server should not be able to access the second replica server.
- (6) A Monitor server should also be configured in same manner as of examination server but to store monitoring data such as audio/video/images/biometric data collected from each examination centre.

B. Examination server at each examination centre.

- (1) Each Examination centre should have **fingerprint reader at main gate** so that only those examinees are allowed whose fingerprint is stored on Examination server in Examination centre. User biometric information (**Fingerprint/fact recognition**) may be registered at the time of enrollment/form filling through authorized centre or kiosk only.
- (2) Each examinee should be validated by his/her own credential (id and password) through the server.
- (3) Exam Hall must have auto generated encrypted code for paper. Thus auto generated code (id) must be distributed randomly. The first candidate who comes in exam room shall have first code, second shall get second code and likewise.
- (4) The password of each user stored in the database should be in encrypted form.
- (5) As soon as the exam gets over and data is submitted to database on Examination server at each examination centre, immediately the **DML (Data Manipulation Language) get locked for the database** so that the data could not be changed at any situation. (Database access time must be limited upto exam period only; whatever it may be 2 hrs or 3 hrs and after examination it must be blocked immediately and no command or deletion, addition, alteration shall be allowed. It is to ensure that the test is taken in a certain amount of time. Some automated testing programs

- (6) Each examination hall should have at least two CCTV cameras with audio recording facility to the monitoring server not less than 5 Mhz frequency. The camera must have sufficient electricity back up through UPS, so that the movement and activity of Examinee can be recorded in case of power failure. This data should be uploaded to monitoring server on real time basis.
- (7) The recording of desktop of each Examinee computer should also be uploaded to monitoring server on real time basis which in turn to be secured at the monitoring server contemporaneously.
- (8) The local server installed at Examination Centre should be connected through VPN to the master server. The internet connectivity on the local server to be disconnected. No possibility of hacking is possible in this configuration.
- (9) The Examination Centre must have ISO 27001 certification or must be AICTE or NAAC accredited.
- (10) The tentative answer keys for the objective type examinations should be ported on the website of MP High Court at earliest after the examination is over and candidates will be given 7 days time to file suggestions and objections, if any to the examination authority.
- (11) The same will be placed before the Experts Committee of which Database Administrator is also a member for scrutiny and the corrected final answers be published on the website again.

C. Measures to be taken at Examination Centre

- (1) A firewall like software should be installed to each examinee computer. The task of this software is to remove vulnerabilities present in examinee computer. The tasks are listed as below:-
 - (i) Sync Examinee computer time with server time for effective log maintaining.
 - (ii) All ports except those required for the online exam are disabled and the ports used can be chosen randomly for each examinee; the ports to be used have only to be sent to the examination server at examination centre with the IP of the exam client. Therefore, manipulation through a fixed port can be avoided.
 - (iii) All other programs except the online exam client are deactivated by controlling the inputs of the examinees. By cutting off electronic communications and disabling other computer programs or inputs (including USB ports) on the examinees' computers, the examinees can be prohibited from manipulating their local computer or the internet. Only mouse should be enabled. The proprietary application software should be used and not to be used the open source software. (It must be ensured that

- use of Google Docs, screen share and opening new window in a separate tab to excess Google must be made impossible. The student cannot use offline material during online examination.)
- (iv) Online exam access should use **Respondus Lockdown Browser or its equivalent.** The proposed browser module presents to the user at startup a full-screen application window that encases a browser window. However, no address bar is provided, nor are there any menus, toolbars, buttons, or other controls that would be seen on a generic browser. The application window is locked in full-screen mode and cannot be resized or minimized until the application is terminated. Third party software like VNC viewer must be completely prohibited.
 - (v) **Student id (specific auto generated id link) can work only one question at a time and cannot access completed questions.**
 - (vi) An exam should randomize (scramble) question sequence and answer choices for every id link differently.
 - (vii) **One (students) auto generated id link can access the online exam only one time.**
 - (viii) The exam should close when the allotted time period for work expires. It is suggested that the exam end should be triggered by **Examination server to all of the examinee computers at once** and not the local time of Examinee computer / browser script should be used.

D. Network used for communication with each other.

- i. Communication between the server and examinee computer should be encrypted with best possible technique like RES/MD5 etc.
- ii. Communication between the Central server and Examination Hall server should be encrypted.
- iii. The server at examination centre should send the exam data to both of Central Servers on real time basis. (This step is required to prevent fraud at Central Server end or any other Source.)
- iv. Every log (Both Database and access log with client unique ID/Timestamp) of each communication between server and Examinee computer should be stored on real time basis for future reference.

(Database log is a log which is created every time when the data (Answer in this case) is inserted into the database with timestamp. Access log is a log which is created every time when the examinee computers access any page of Web server).
